**A Note on Education Committee New Member Trainers**

*DLECS: Please only elect people to this position if they are committed to being a New Member Trainer for the entire semester. This includes committing to attending the weekly Education Committee meetings and participating in All Roads events such as tours and bringing prosopies to meals.*

Trainers should be able to act as a resource for new members by providing training sessions and workshops and generally being available at meals to answer questions and provide introductions. They should be comfortable working with others and communicating openly and regularly. As committee members, they will be involved with the planning and publicity for educational opportunities available to the membership throughout the semester.
